**Sub:-**Information regarding Oil theft from Distribution Transformer 11 KV/433V at Motajote, Matigara under Matigara CCC.

Dear Sir,

It has been found that Distribution Transformer at Motajote, Matigara S/S NO S-39-0049-0 under Matigara CCC has got defective on 04.08.2021 and the DTR was isolated from 11 KV system. During inspection against power outage complaint it has been found that the oil of transformer (Industrial Meters Pvt Ltd, SI no : 9076 MFG 1988) is drained by a pipe attached to it which causes the transformer burnt and resulting malfunction. The circuit of the Distribution Transformer was energised from nearest Transformer from 10.00 am to 12.00 pm after that another healthy 100 KVA transformer is installed to replace the transformer at Motajote.

You are therefore requested to keep this information and take necessary action.
