Respected Sir,

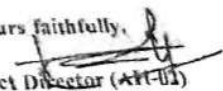

In connection with the subject matter, this is to inform you that a joint inspection was performed on 30.06.2023 along with the concern department for the demarcation of the land in question, and a report is enclosed with this letter. As per point 3 of the joint inspection report (attached herewith), the S.K. Lumia Developer has encroached within the ROW of National Highway land and made deep excavations, disturbing the land topology at the location. A sketch showing encroachment within the ROW of the National Highway land is also attached with this letter.

In view of the above you are requested to take immediate and necessary suitable action against The S. K. Lumia Developers. The land is to be rectified in its earlier condition at the earliest so that project work can be initiated at the location. This is for your kind information with request to immediate necessary action, please.

Thanking you.

Enclosure: - As stated

Yours faithfully,

Project Director (AH-02)
Project Implementation Unit -II,
P.W. (Roads) Directorate.

Project Director (AH-02)
Project Implementation Unit -II,
P.W. (Roads) Directorate

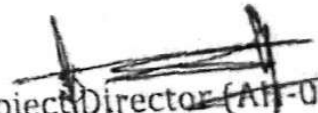

Joint Inspection Report

A joint visit and demarcation of NH land within the ROW of the NH31 chainage, 572+200 km to 572+160 km, near City Centre, was held on 30.06.2023. The following members were present during the joint land demarcation programme:

- (i) The Project Director -AH-02 ,PIU-II ,Siliguri .
- (ii) The Assistant Project Manager ,AH-02 ,PIU-II ,Siliguri .
- (iii) The Special Land Acquisition officer , Teesta Barrage Division, Darjeeling.
- (iv) The Project Manager, M/S Rachana Construction Company.
- (v) The Inspector -Incharge ,Matigara Police Station
- (vi) The Representative from the S.K. Lumia Developers.

During the joint inspection, the following points were observed: -

1. The Demarcation of the ROW of the National Highway has been performed under the guidance of the Special Land Acquisition Officer, Teesta Barrage Division, and final pillaring and marking have been completed.
2. After completion of demarcation, it was found that work by the S.K. Lumia developers have executed deep excavation for foundation for their ongoing project also constructed partly foundation work . The ongoing building construction does not fall under the land of the National Highway, but the building line of the structure is measured at two points and is found only 5 m and 4.5 m away respectively from the NH ROW.
3. It was very clear after demarcation that the S.K. Lumia Developers has executed deep excavation for a deep foundation that extends or encroaches inside the ROW of NH-31 up to an average width of 15 m and a depth of approx. 5.0m. which is highly objectionable and obstructs the ongoing development work of the MoRTH ,GOI Project.
4. The S.K. Lumia Developers have been directed to restore the NH land as in it's earlier condition and requested for immediate submission of detail building plan & site plan and a copy of the necessary NOCs from the respective departments of their projects.
5. Finally, they have directed not to take up any construction activity within the ROW of NH-31.
